

Tuition (Catch Up) Fund 22-23

Purpose:

Tuition Fund is intended to mitigate the disruption to learning arising from coronavirus (COVID-19).

How will we use this fund?

We will offer small group or/and 1-1 study support sessions to all of our 16-19 and 19-24 students with an EHCP on a study programme who had not achieved a Grade 4 or 5 in either English or maths to catch up with their studies in English and maths. These sessions will be delivered in addition to students' study programme timetables.

Small group or/and 1-1 sessions will be delivered predominantly face-to-face with some online delivery to accommodate particular students if they choose that mode of delivery.

English and maths tuition will be provided by specialist Catch Up maths and English tutors starting from September 2022 and finishing in June 2023 on all of our campuses.
